

**“Jamestown”**

*Dynamic features everywhere you turn and ample space planning in every room makes this Evergreen Series plan hard to resist. The dotted lines represent texture finished archway openings between rooms and the cut corner windows are standard in kitchen and breakfast nook. Note that adding our optional end wall porch converts the kitchen windows to a two window corner but the 3 nook windows would remain as shown. If you are planning a site-built garage at the utility room location be sure to tell us to remove the standard bath window.*

**MODEL 58735 1,531 Sq.Ft.**

This artist's print shows our popular "Jamestown" plan with standard siding, standard corner porch, corner cut windows with optional grids, a 14ft dormer with wings and columns and an architectural shingled roof. This plan is available with our optional hip roof end wall porch.
