Our artist's print shows "La Casa Elegante" with the standard hip-roof porch roofline (unique to this plan), standard deluxe porch accents and sliding glass door, optional 9 ft. dormer with wings at portal entry, lap siding, architectural shingles and a typical site-built garage. Not shown is the standard covered back yard privacy porch with matching porch accents. There are no substitute porch options available on this model.

'Elegante'

Model 58822HP, 1,960 Sq. Ft.

Your Elegante kitchen will be a natural gathering point where traffic flows smoothly between the intended separation of formal living from family fun center and master suite from other private quarters. The covered porches on front, rear and side entry are standard on this plan and include our deluxe porch accent features for aesthetic effect making our Elegante a welcome addition in any neighborhood.
